SMALLPOX IN WILMINGTON.

One of About Five Hundred Clerks in Railroad Office Breaks Out With Disease.

Wilmington, N. C., Jan. 12.—The discovery this afternoon of a mild, but well developed case of smallpox, in the department of the auditor of freight receipts in the general office building of the Atlantic Coast Line here, where upwards of 500 clerks are employed, is causing some uneasiness.

The patient, A. N. Hilburn, who, with his room-mate, H. J. Beers, have been sent to the pest house outside the city limits. Hilburn is a native of Albany, Ga., and spent Christmas there, where smallpox is said to be prevalent. He had been sick a week upon his return to Wilmington, and had been at work only an hour today, when the presence of an eruption on his face led to an investigation by Dr. J. C. Wessell, of the Coast Line relief department.

Over a hundred clerks in the single room, where Hilburn worked, were at once vaccinated, and the place fumigated.

The Y. M. C. A. rooms, where a number of young men, including Hilburn lodged were also fumigated.

The Russo-Japanese Crisis.

The man who judges things by weight, bulk and dollars may well wonder at Japanese temerity. To Japan, with her 147,000 square miles, the annexation of Korea, with 82,000 square miles, means what the annexation of Mexico would to the United States. To Russia, with 8,666,000 square miles, it means less than Southern California to us.

Though Japan has only one-third the population of her rival, she publishes as many books every year; and, despite the concentration of her population, which permits of the wide circulation of her city dailies, she publishes as many newspapers. The percentage of her people who can read and write is about equal to that of our own New England States. In schools and colleges she has 5,000,000 pupils and students, or one in every nine of the population, where Russia has only one in every thirty-five. In fact, Japan, with her 44,000,000 people, probably has more subjects who can read and write than Russia with her 140,000,000. The Russians have given nothing to mechanical progress, but have used its products, the railroad and the rifle, to carry them almost to the doorway of Peking. The reformation awakened in Japan the spirit of "benevolent assimilation," and a realization that she must have more room for her growing population or perish. In '94 and '95, thanks to modern methods, Japan occupied Korea and the Liaotung Peninsula, and had Peking at her mercy, when Russia, France and Germany stayed her hand.

Both nations, then, are borrowers. Their artillery, their men-of-war and their field telegraphs are no more a part of their own development than the Cresset guns, which pounded the British in South Africa, were of Boer civilization. Not since the Turks carried their way as far as the walls of Vienna, has an Oriental race presumed to meet a Northern race on its own ground. Every bizarre element that appeals either to the ear or to the eye enters into those negotiations upon which depends the momentous question of whether the Pacific shall be a Slav lake or not.—Collier's Weekly.

The Avant Mercantile Co., of Summerton purchased 5,000 acres of timber land in Horry county last week and will establish a big saw-mill near Loris.

Wonderful Nerve

Is displayed by many a man enduring pains of accidental cuts, wounds, bruises, Burns, Scalds, Sore feet or stiff joints. But there's no need for it. Bucklen's Arnica Salve will kill the pain and cure the trouble. It's the best Salve on earth for Piles, too. 25c., at J. F. W. DeLorme's, Druggist.

Mr. W. Turner Logan, a member of the Legislature from Charleston county accidentally shot himself at his home in Charleston Wednesday morning. In taking a shirt out of a bureau drawer the revolver was jerked out and discharged when it struck the side of the bureau. The ball entered the left side and passed between two ribs. The wound is not considered mortal.

What's in a Name?

Everything is in the name when it comes to Witch Hazel Salve. E. C. DeWitt & Co., of Chicago, discovered some years ago how to make a salve from Witch Hazel that is a specific for Piles. For blind, bleeding, itching and protruding Piles, eczema, cuts, burns, bruises and all skin diseases DeWitt's Salve has no equal. This has given rise to numerous worthless counterfeits. Ask for DeWitt's—the genuine. Sold by J. S. Hughton & Co.

GEN. GORDON'S FUNERAL DAY

Observed in Atlanta and Throughout the South.

Imposing Obsequies in the Capital of the New South.

Fifty Thousand Veterans and Citizens View the Chieftain's Remains in the Georgia State House—Salutes Fired and Bells Tolded.

Atlanta, Ga., Jan. 14.—This has been a day of mourning in Georgia, and through the South, other States have joined in paying the last tributes of respect and honor to the memory of Lieut. Gen. John B. Gordon, whose mortal remains were laid in their final resting place. In every part of the Southland business has been laid aside and tens of thousands have gathered in memorial meetings in honor of the man who was loved as much for his personal worth as for his record in public life. An honored leader in the civil war, twice Governor of Georgia, three times representing the State in the United States Senate, and, since the war, leading the struggle back to prosperity, his memory is revered as that of no other in all the South.

Few men have been borne to their last resting place amid such surroundings and with such concourse for every rank as was the body of Gen. Gordon in Atlanta today. The body had laid in state in the rotunda of the State Capitol from early Wednesday morning till the hour of the final services at noon today. During those hours fifty thousand veterans and citizens gazed on the features that were familiar to so many. Men, women and children of both races, have joined in the tribute of respect, and the demise of the Confederate leader has been the occasion of gathering more old soldiers from every part of the South than have been seen at any but the annual meetings of the United Confederate Veterans, of which Gen. Gordon was the first and only commander since its organization, thirteen years ago.

Everywhere have been seen the signs of mourning. On all public buildings flags have hung at half-mast; from 8 o'clock this morning till 4 this afternoon, guns have been fired at half-hour intervals, making seventeen guns, the lieutenant general's salute; during the hours of the funeral business generally was suspended, and during the day bells on the city buildings and the churches were tolled at minute intervals. The streets were thronged with citizens and visitors from a dozen States.

The first exercises were held in the Hall of Representatives, at 10 o'clock, over which Governor J. M. Terrell, of Georgia, presided. The great hall was crowded to its limit, and in the audience and on the Speaker's stand were many of the leading men from all parts of the South. Addresses were made during the two hours by Governor Terrell, Gen. Stephen D. Lee, who succeeds Gen. Gordon as commander-in-chief of the United Confederate Veterans, Gen. Clement A. Evans, commander of the department of Tennessee, of the same organization, Judge Thomas G. Jones, of Alabama, who was a member of Gen. Gordon's staff in the civil war, Governor D. C. Heyward, of South Carolina, Chaplain John William Jones, of the Confederate Veterans Gen. Bennett H. Young, of Kentucky; John Temple Graves, of Atlanta, Governor W. S. Jennings, of Florida, and Albert H. Cox, of Atlanta. The burden of these addresses was the worth of Gen. Gordon as a private citizen and a leader in civil life and in public endeavor.

THE RELIGIOUS CEREMONIES.

At the conclusion of these exercises the body was taken from the Capitol to the Central Presbyterian Church, across the street from the Capitol, where the religious ceremonies of the day were held. The capacity of the church, 1,500, necessarily limited the number of the attendance, and after the family, the near friends and the noted visitors from other States had been admitted the remaining space, by request of Mrs. Gordon, was given to veterans, and the doors were closed and guarded by police. The casket was laid on a bier covered with a profusion of flowers, sent from all parts of the South. Among these contributions was a magnificent wreath ordered by the Ex-Confederate members of the present Congress. A double-quartet sang "Lead, Kindly Light," "Just as I am," and other selections that were favorites with Gen. Gordon. The services were conducted by the Rev. Orme Flinn, prayer was offered by the Rev. W. J. Trowbridge, and brief addresses were delivered by the Rev. Charles R. Nisbet and the Rev. Theron Rice, pastor of the church. The more personal character of the services, which were attended largely by those who had personal acquaintance with the dead General, were pathetic in the extreme. The benediction was pronounced by Chaplain Jones and the procession to Oakland Cemetery was begun.

THE FUNERAL PROCESSION.

The order of the procession included military and civic organizations, besides hundreds of private citizens. The long line was headed by a detachment of mounted police, which was followed by numerous other bodies. These were the 16th United States infantry band, 18th United States infantry, under Col. Butler D. Price; State militia, led by the 5th Georgia infantry with regimental band; companies from Brunswick, Macon and other cities of Georgia, the honorary escort, hearse bearing the body, followed by carriages bringing the family, Governor Terrell and visiting Governors, Gens. Stephen D. Lee and Clement A. Evans, Mayor Howell of Atlanta, and the city council; Ladies' Memorial Association, Daughters of

the Confederacy, Children of the Confederacy, Confederate Veterans' camps from Georgia, Alabama, South Carolina and other Southern States; Veterans from the Soldiers' Home; Daughters of the American Revolution, poets of the Grand Army of the Republic, and the procession was ended with a long line of private citizens.

Among the Veterans were seen some who insisted on joining the march, though their progress was slow and crutches were needed; old men, broken with the weight of years, came from long distances to join their tributes with others to the dead commander. The throng that watched the procession numbered nearly twenty thousand, and included strangers from distant cities and States.

The ceremonies at the grave were simple. As the body was lowered into the earth a squad from the 5th Georgia infantry fired three volleys and taps were sounded. Prayer was offered by the Rev. W. G. Woodbridge, pastor of Gen. Gordon's church at Kirkwood, his suburban home. The hymn, "Nearer, My God, to Thee," was played by the 5th regiment band, and this was followed with prayer by Chaplain Jones. Flowers were strewn over and about the grave, almost hiding the casket in the grave from the sight of the family, who stepped to the edge of the grave to take a final look before it was closed. They then withdrew to their carriages, and the benediction was pronounced by the Rev. Mr. Woodbridge.

BUILDING AND LOAN COMPANIES.

Mr. Whaley Has Introduced Bill Regulating the Assessment of Taxation Upon Such Corporations.

During the past year there was a lot of stir on account of the effort to collect taxes from building and loan companies. The comptroller general, Hon. A. W. Jones, issued instructions to county officials that building and loan companies must be taxed, and a great hue and cry was raised. It was declared that this would work a hardship on the companies.

Mr. Jones was not desirous of working a hardship, but he was carrying out the letter of the law as interpreted by the attorney general. Mr. Hazard of Georgetown had written that discrimination was being shown in the State, that some companies were being taxed while others were not. The matter was referred to the attorney general, and, acting upon the latter's advice, Mr. Jones proceeded to apply the law to all such companies and associations.

In Charleston, where there are a score of such concerns, the matter was of great consequence, and Mr. R. S. Whaley, of the Charleston delegation has introduced a bill seeking to strengthen weak places in the present law. Mr. Whaley's bill provides: "That upon all full paid and fully matured or partly matured stock in any building and loan association incorporated under the laws of this State, or incorporated under the laws of any other State or territory, and doing business within this State, and upon which annual, semi-annual, quarterly or monthly cash dividends or interest shall be paid, there shall be assessed and paid a tax equal to that required to be paid upon personal property by the general tax law of the State. And every such domestic and foreign corporation shall annually make returns to the county auditor of the respective counties of this State, at the times returns for taxes are required to be made, of the amount of its stock outstanding entitled to receive such dividend or interest, provided that in the case of foreign corporations, the amount of its stock held by residents of this State entitled to receive cash dividends or interest, shall be specifically reported to such county auditors for assessment and taxation as herein provided, the holdings of such resident stockholders, provided however, that nothing in this act shall be taken to require payment of any tax upon any matured stock of building and loan associations upon which periodical payments are required to be made or upon such stock after it has matured and is in process of payment."—The State.

When bilious try a dose of Chamberlain's Stomach and Liver Tablets and realize for once how quickly a first-class up-to-date medicine will correct the disorder. For sale by China's Drug Store.

A woman in Kansas woke up one morning to find that she was totally blind. She had the use of both eyes the day before and the opticians who examined her were at a loss to find the cause. About two weeks ago the sight of one eye returned as suddenly as it went, and now the experts think that she may regain the use of her other eye.

Cold Wave Coming.

If you have Rydale's Elixir in the house when a cold wave is coming, you need not fear attacks of bronchitis, pneumonia, cough, colds, etc. Rydale's Elixir taken when attack begins never fails to check the progress of the disease. It is equally successful in chronic cases of throat and lung disease. All dealers.

Philadelphia, Jan. 15.—Rendered insane by illness, Edward K. Landis, a widely known expert chemist, today shot and killed his wife, Emma, and then ended his own life with the same weapon. The tragedy was enacted in the Landis residence, 4,025 Spruce street, West Philadelphia.

A Vest-Pocket Doctor.

Never in the way, no trouble to carry, easy to take, pleasant and never failing in results are DeWitt's Little Early Risers. A vial of these little pills in the vest-pocket is a certain guarantee against headache, biliousness, torpid liver and all of the ills resulting from constipation. They tonic and strengthen the liver. Sold by J. S. Hughton & Co.

LOOKS LIKE WAR.

Little Hope Now Entertained of a Peaceful Settlement Between Japan and Russia.

Both Powers Continue Active Preparations for War and More Transport Ships Impressed.

Paris Discusses Possibility of Mediation by Powers.

Paris, Jan. 13.—No action has yet been taken in the direction of mediation between Russia and Japan, but it is learned that the powers desirous of peace in the far east are considering the desirability of such a step. Whether the proposed action will be joint or independent remains to be determined.

It was stated positively today that no representation of a mediatory character had yet been submitted, nor was it expected that anything of the kind would be done until after the conditions of the Japanese reply to the latest Russian note had become known. If the situation warrants then effort at mediation will be made.

STATE OF PANIC AT SEOUL.

London, Jan. 13.—The Seoul correspondent of The Daily Mail cables a description of a state of panic which, he says exists at the royal palace.

The emperor has issued a pitiful edict, stating that the country is likely to be lost owing to the weakness and vacillation of the people, whom he counsels to act for the best in their own interests. The emperor has also issued an ordinance warning the army not to fire in the event of a collision between foreign troops.

The correspondent adds that the entire city is extremely turbulent.

London, Jan. 13.—A dispatch from Tokio to Reuter's Telegram company says the Japanese answer to the last Russian note was handed this afternoon to Baron de Rosen, the Russian minister, and that negotiations will be continued without any time limit being set for their termination.

The demands which Japan is said to have made according to reports published abroad have caused some surprise in Tokio, according to the dispatch, and it is now stated that Japan never asked for the evacuation of Manchuria, but on the contrary frankly recognizes Russia's special interests there and her right to protect them. Japan only demanded the realization of Russia's voluntary pledges respecting China's territorial integrity in Manchuria and the freedom of residential rights, and international trade therein.

UNEASINESS IN ERLIN.

Berlin, Jan. 13.—Official opinion regarding the probability of war between Russia and Japan has suddenly changed. Intelligence received at the foreign office yesterday has caused the government, for the first time since the controversy began, to believe that the situation is extremely tense. The very definite views hitherto held are reversed and war has become a proximate contingency, according to the view held in official circles here. Japan's delay in answering Russia's last note is deemed here as being a symptom that a grave decision is under consideration.

JAPAN IMPRESSES THREE STEAMERS.

San Francisco, Jan. 13.—A cable to the Pacific Mail steamship company today announced that the Japanese government has impressed into transport service the three steamships of the Oriental Steamship company plying between this city and the far east. The vessels are the Nippon Maru, Hongkong Maru and America Maru. They are fast boats, built in 1895 and have been under Japanese subsidy. A few months ago they passed government inspection. The Nippon Maru and Hongkong Maru are each of 4,351 tonnage and the America Maru 5,920. The America is due here next Saturday and will be sent back when discharged. The Nippon left here Dec. 30 and the Hongkong is now in Japanese waters.

THE BEAR AROUSED!

London, Jan. 14.—The Times' Moscow correspondent says he hears that the government has claimed the services of the entire volunteer fleet.

Washington, Jan. 15.—What might have developed into an unfortunate misunderstanding between the Governments of the United States and Russia regarding the interests of the United States in Manchuria was adjusted at a conference at the state department today between Mr. Hay, the secretary of state, and Count Cassini, the Russian ambassador. As a result the Russian government will be advised by the ambassador that he has the best assurances that the interest of this country in Manchuria is absolutely and exclusively commercial and that the consuls sent to Mukden and Antung will confine their activities to the faithful care of American trade interests in the province.

Count Cassini called at the state department today to inquire into certain statements which several European diplomats here had brought to his attention and interpreted to indicate a change of policy on the part of this government in the direction of political intervention in Manchuria. The conference between the secretary and the ambassador was characterized by frank cordiality on both sides. The ambassador was assured that this government does not contemplate the substitution of a political policy for a commercial policy in the far east.

THE RUSSIAN WARSHIPS.

Berlin, Jan. 15.—That Russia has applied to Turkey for permission to

send her Black sea fleet through the Dardanelles is confirmed authoritatively here, and it is also asserted that Russia will renew the application and press for Turkish consent. Germany's attitude, as at the time the four unarmed Russian torpedo boat destroyers passed through the straits, September, 1902, is that she has no concern in the matter.

The British government is believed here to have identified itself more fully week by week with the Japanese position, until now Great Britain is almost as deeply committed as Japan. The position in which Great Britain now stands, according to the view taken of the situation here, has impressed and is impressing the Russian statesmen. The readiness with which the United States associated herself with Japan in pressing for the signature of the commercial treaties with China is another fact contributory to the feeling in St. Petersburg that this is not the moment to fight. The decision for war or peace now rests with the czar's advisers, and symptoms are visible here that the decision will be peace, largely by admitting Japan's demands. The skill Japan has shown throughout the negotiations excites admiration at the German foreign office.

GREAT BRITAIN'S POSITION.

London, Jan. 15.—The report published in the United States by a newspaper agency to the effect that the British government had notified Japan that any attempt of the Russian Black sea fleet to pass the Dardanelles would be checked by decisive action, is untrue. Foreign Secretary Lansdowne today expressed disbelief that Russia had any intention to send a fleet through the Dardanelles, adding that it would be an obvious breach of treaty in which Great Britain could not possibly acquiesce.

FABIAN TACTICS.

London, Jan. 15.—The Daily Mail's Seoul correspondent cables an interview with M. Pavlo, the Russian minister to Korea, who said: "Russia will refuse to agree to the opening of Wiju, and will protect Korean sovereignty at all costs. Russia will regard the landing of Japanese troops in Korea as an unfriendly act and would defend the independence of Korea against pagan invaders."

In this same interview Minister Pavloff declared: "The Russian fleet will not fight. Fabian tactics will be employed and Japan will defeat herself in a short period of being on a war footing."

THE JAPANESE REPLY PRESENTED.

St. Petersburg, Jan. 15.—The Japanese minister, M. Kurino, today delivered the Japanese reply to the foreign office here. The reply is now under consideration here.

The Russian foreign office says the present stage of the negotiations is an advance on previous stages, in certain respects. The two governments had approached an understanding in some points but not on others. Hopefulness reigned today in many quarters where pessimism had hitherto prevailed.

Conservative opinion holds that while the prospect of peace is better than ever, the end cannot be predicted with certainty, particularly the manner in which a settlement can be secured.

LYNCHED IN DORCHESTER.

Second Negro Killed by the Mob Within Six Weeks.

St. George's, Dorchester county, Jan. 15.—Another negro has paid the penalty of his crime at the hand of a cool but determined mob of men in this, the baby county of Dorchester, within the past six weeks.

Last Tuesday evening a negro by the name of "General Lee" attempted to enter the house of a lady in the town of Reevesville, about five miles from this place, but was frightened away by her screams. Her screams brought a crowd of men and, after a search was made a pair of brass knucks was found, which the fiend had dropped on running away. He escaped and was at large till Wednesday evening, when Constable Minus arrested him and was bringing him to the jail here, when he was stopped by a crowd of men, who demanded the prisoner at the point of guns.

Rumors were current yesterday, but your correspondent could not get the particulars, and up to this writing reports are very meagre.

Trolley and Train Collide.

Detroit, Mich., Jan. 15.—An east-bound Michigan line car, carrying a heavy load of passengers hurrying home at the close of the day, was struck by a Grand Trunk passenger train this evening at Gratiot avenue and Dequindre street. More than thirty-four people were injured, the heavy double-truck car being carried 200 feet down the track from the point of collision and being almost demolished. Every ambulance in the city was hurried to the scene. Seven of the injured were conveyed to the hospitals and twenty-seven were taken to their homes. No one was killed, though some of the injured are in a very serious condition and may die.

Ancient and Modern Advice

About How to Acquire Wealth.

"The ancient sages' 'sure road to wealth' was 'be temperate' in all things, be economical always." Modern life, with its "rush methods" in business requires that "keep healthy" be added to the old adage. Everybody knows how to be temperate and most people how to be economical, but few know how to keep perfectly healthy. Overeating, irregular habits neglect, etc. derange the stomach, liver, and bowels, causing indigestion, torpid liver, constipation, etc. Rydale's Tablets are nature's best ally when such conditions exist. The Stomach Tablets will digest your food, strengthen your digestive organs and cure your indigestion.

The Liver Tablets will arouse your liver, stimulate your bowels and establish a regular, healthy habit. Rydale's Tablets assure good health. All dealers.

GEN. STEPHEN D. LEE.

Brief Resume of the Services of the Gallant South Carolinian in the War for Southern Independence.

The recent death of Gen. James Longstreet leaves Gen. S. D. Lee, of Mississippi, the ranking survivor of the long list of Confederate generals.

Gen. Lee is at present a member of the Vicksburg National Park commission, a position which he accepted several years ago on resigning the presidency of the Agricultural and Mechanical College at Starkville. Gen. Lee is also president of the Historical Association and president of the board of trustees of the department of archives and history at the present time. He has always taken a special interest in historical matters and has contributed greatly to the success of the recent historical movement in that State. His home is at Columbus.

Gen. Lee was born in South Carolina and moved to Mississippi after the war. He graduated from West Point and entered the artillery as a second lieutenant. He was captain at the beginning of the war and commanded the artillery of Beauregard's army at the bombardment of Fort Sumter. He also was in command in the same branch at the first battle of Manassas, and was soon afterwards promoted to the rank of brigadier general for gallant conduct on the field. He was afterwards promoted successively to the rank of major and lieutenant general. Gen. Lee saw much active service during the war. During the siege of Vicksburg he was in command of a division. He checked Sherman's advance at Chickasaw Bayou, a feat which was regarded as gaining a decided advantage for the Confederates. During the latter part of the war he was in command of the department of the Mississippi and took a prominent part in the campaign in the northern part of the State. He is believed to be the youngest man advanced to the rank he attained on the Confederate side.

Moving to Mississippi after the war he engaged for a time in planting. He represented his district in the State Senate in 1873, and was chosen president of the Agricultural and Mechanical College on its organization in 1890. The success of that institution is due largely to his administration.—Houston Post.

Murder of Young Howell.

Columbia, Jan. 12.—Some hunters this afternoon discovered the body of a young man lying in a small branch a short distance from this city. The body proved to be that of young Howell, who disappeared from his home on Christmas Eve. He was murdered and the axe with which the deed was done was found near by. Howell had been struck from the rear on the crown of his head, which was crushed. The body was not much decomposed and recognition was easy. Howell went out with a negro to cut hollybushes. The negro returned without him and reported that Howell had gone to his home. The negro is unknown in the city and has left. There is at present no clue to his whereabouts. Howell's body was brought to the city and an inquest will be held tomorrow.

Domestic Troubles.

It is exceptional to find a family where there are no domestic ruptures occasionally, but these can be lessened by having Dr. King's New Life Pills around. Much trouble they save by their great work in Stomach and Liver troubles. They not only relieve you, but cure 25c., at J. F. W. DeLorme's Drug Store.

A very painful and unusual accident happened to Rev. W. T. Capers, rector of Trinity Episcopal church, Asheville, and son of Bishop Capers, on Sunday morning shortly before the hour for services. Mr. Capers had left the rectory adjoining the church to fill his pulpit, and upon entering the church the heavy oaken door slammed against his hand, catching the middle finger between the edge of the door and the door facing, cutting it entirely off at the first joint.

GOOD PROOF.

What Better Evidence Can

Residents of Sumter Demand?

There must be a large measure of merit in any article which is endorsed by many of Sumter's foremost citizens. Read this statement made by her leading dentist:

B. B. Breeden, the well-known dentist of 4 N. Main street says: "I have used Doan's Kidney Pills and experienced relief through them. I think they are good and I cheerfully recommend them to those suffering from kidney complaint and its effects, such as backache and difficulty with the kidney secretions. They seem to have a direct, immediate and permanent action upon the kidneys. My back caused me considerable trouble and misery which was aggravated by standing on my feet much. My back became tired and pained me greatly across the loins. I obtained a box of Doan's Kidney Pills at Dr. A. J. China's drug store, and since using them I find my back does not trouble me at all, though it is some months since I used the pills."

For sale by all dealers. Price, 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no substitute.
